During this Covid-19 pandemic, the Franciscan Child Day Care Center has followed closely the guidelines of the CDC and State and County Health Departments. To date, we have been successful in preventing any outbreaks.

As you may have noted, Allegheny County and much of the United States is experiencing a surge of Coronavirus cases. On Sunday, June 27, the Allegheny Health Department issued recommendations for those who have traveled outside the state. They are recommending, upon return, a two-week quarantine or Covid-19 testing twice with 48 hours in between tests with negative results.

Any of our families or staff who have been in public crowds without social distancing, have been out of state or feel sick or have a fever are asked to contact the day care and to remain at home, self-quarantine under the above guidelines and contact their doctor for advice concerning a return to the day care. Parents will receive a 50% credit on tuition for the days a child is absent while in quarantine for Covid-19.

We are determined, to the best of our ability, to provide a safe environment for all our staff and children. With the July 4th Holiday weekend coming up, these safety measures are more important than ever. The health and safety of both staff and children depends upon each of us. We thank you for your cooperation and compliance which will benefit us all.
